PROSPERCUS TIMES. One of the most certain evidences of prosperous times in the U.S. is the fact that there never has before in the history of this country so large a demand for printing paper. To give some idea of the way printers are now driven with work and the amount of paper used we give the following facts concerning the large amount of work which is being done in the publication of "A Treatise on the Horse and his Diseases" which is now having an immense sale throughout this country. It has been ascertained that the publishers who at first had them printed by a large printing Several people in Orleans are turning establishment at Claremont, N. II., their attention to bee culture. found that the book was becoming so The stocking factory at the state hopular and gave such universal satis-penitentiary has been sold to parties faction that they must secure the serhopular and gave such universal satisvices of other printers, and consequently a large printing house in Boston was engaged, and as the demand kept in-creasing another large printing house Saunders county has a five-year-old the others. The sale of this work in the others. The sale of this work in English alone is now about 20,00 copies a day. To print and bind these re-Bratt & Co., of North Platte, have quires the services of about 120 persons and eight large cylinder presses, two of Land in the Logan valley has ad- with considerable other machinery. vanced an average of \$2 per acre since Besides what is printed at the three establishments mentioned above it is Plum Creek has dedicated the new Presbyterian church and has just completed a masonic hall.

A Dodge county man cleared \$1040 from sheep raising in five years starting with \$120, capital.

Stablishments mentioned above it is also being printed in German at Cleveland, Ohio, and in French and English at Montreal Canada. Being illustrated with about 65 fine engravings, full of important and reliable informatian for horse owners and sold at the low price of 25 cents, is the great species of the sirous of placing them within the reach can furnish at our office. In regard to the above firm we are informed that although the sale of their book is immense, never having been equaled by Tom Hewitt, about seven miles south any similar publication, yet the larger ture of "Kendall's Spavin Cure," which is now being sold by nearly all Drug-gists in the United States and having an immense sale which, like the sale of the book is because it is worth more to DR. TANKER who has undertaken to the prospect of establishing a pork the purchaser than its cost. It is go without eating for forty consecutive packing establishment in Nebraska claimed by the proprietor that "Kendall's Spavin Cure" will not only cure Spavins, Splints, Ringbones, Curbs and other similar blemishes but will remove the enlargement and that as it does not blister it is used on human flesh also with most wonderfull success in removing deep seated pains of long standing. We feel confident that any one examin-
